

LJ Care Homes LTD

York House
Residential Home

Welcome to York House

The Home

York House is a Residential Home where personal care, and accommodation are provided together. Clients may live in our home for short or long periods. For most of our clients it is their sole place of residence and so it becomes their home.

Both the care that our clients receive and the premises are regulated by the Care Quality Commission.

Our registration is to provide care for 16 clients, male or female. We offer accommodation for clients who are physically frail and can no longer manage at home, clients who have been diagnosed as having dementia or other memory problems.

We also offer Respite for clients that wish to reside for short periods whilst they are either convalescing from an illness or their family need a short break.

“Our objective is to promote independence, choice, dignity and respect in every service provided”
